

Children experience many transitions in their early years and nursery staff are sensitive to the difficulties children may have whilst going through these transitions.

Some examples of transitions that young children and babies may experience are:

- Starting nursery
- Moving between different rooms within the nursery
- Starting school or moving nurseries
- Family breakdowns
- New siblings
- Moving home
- Death of a family member
- Death of a family pet
- Change of key person

Staff are trained to observe their key children and as such will be sensitive to any changes in their behaviour and personality. We respectfully ask that parents inform us of any changes in the home environment that may impact on their child so staff can be aware of the reasons behind any potential changes in the child's character/behaviour.

Supporting transitions in the nursery

The nursery will support all children in the nursery with any transitions they may be encountering. If the transition relates to the child starting at the nursery we will follow our settling in policy. If the transition is due to occur at the nursery, e.g. room changes, the nursery will fully support the child through this process in the following ways:

Moving rooms procedure

When a child is ready to move to a different room in the nursery, we follow the process set out below and work with the parents to ensure this is a seamless process in which the child is fully supported at all stages. This may include a handover meeting between the existing key person, new key person and parents.

- The child will be moved up gradually prior to the permanent move to enable them to feel comfortable in their new surroundings where possible alongside their key person or buddy
- Wherever possible groups/pairs of friends will be moved together to enable these friendships to be kept intact and support the children with the peers they know. However, the key person will support them to make new friends in the room.
- Parents will be kept informed of all visits and the outcomes of these sessions e.g. through photographs, discussions or diary entries
- If after a long period of time the child is not settling the manager will talk to parents and the child's key person for a further action plan

Starting school

Starting school is a huge transition and the nursery will do all it can to facilitate a smooth move. We have a variety of methods that support this:

- The nursery will provide a variety of resources that relate to the school, e.g. uniform to dress up in, a role play area set up as a school classroom, photographs of all the schools the children may attend. This will help the children to become familiar with this new concept and will aid the transition
- The nursery will invite school representatives into the nursery to introduce them to the children
- The key person will initiate conversations with their key children, who are due to move to school, about the school and discuss what they think may be different and what may be the same. They will talk through any concerns the child may have and initiate activities or group discussions relating to any issues enabling these to be overcome
- The nursery will ensure a comprehensive report is produced on each child starting school to enable teachers to have a good understanding of each child received. This will include their interests, strengths and level of understanding and development in key areas. This will support continuity of care and early learning.
- A strong link with the local school including visits for example sports day or PE sessions will be provided.

Other early years providers

Where children are attending other early years settings or are cared for by a childminder we will work with them to share relevant information about children's development. Where a child is brought to nursery or collected from nursery by a childminder we will ensure that key information is being provided to the child's parent by providing the information directly to the parent via email or telephone.

Family breakdowns

When parents separate it is a difficult situation for all concerned. The nursery understands that emotions run high please refer to the separated families policy which shows how the nursery will act in the best interest of the child.

Moving home and new siblings

These are normally two events that parents will have advance notice of, and we ask that parents let the nursery know about these events so we can support the child to be ready for this. We will spend time talking to the child and providing activities that may help the child to act out any worries they have, e.g. through role play, stories and discussions.

Parents may also consider placing their child into nursery for additional sessions during these events to provide them with consistency and time away from the changes occurring.

Bereavement

The nursery has produced a separate policy on bereavement as this can be a difficult time for children and their families. Nursery will offer support to all concerned should this be required.

If parents feel that their child requires additional support because of any changes in their life, we ask that you speak to the nursery manager and the key person to enable this support to be put into place.
